

Birchtree Charter School

Community Playscape
Build
August 10, 11, 12

This 3-day 'Community Build' event will feature hands-on projects for volunteers of all skill levels. Birchtree's Playscape will feature a variety of custom designed play features, including a climbing zone and rock wall, swings and a gathering hut. The plants chosen reflect the local Matanuska-Susitna environment. Play in nature has been shown to support healthy development in children, increasing concentration, self-confidence, positive social interaction and overall health.

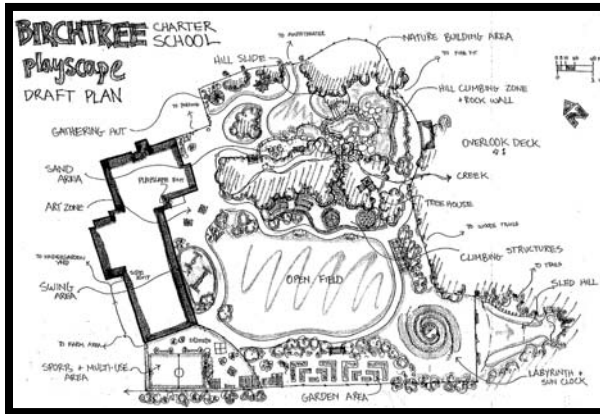

Both childcare and food will be provided.

If you are willing to give of your time, energy, tools or materials, please join us!

Contact Birchtree Playscape volunteer coordinator: Lisa Shield at 775-5485 or visit our website at birchtreecharterschool.org
