Dr. Deena Paramo, Superintendent Mat-Su Borough School District 501 N. Gulkana Palmer, AK 99645

#### Dear Superintendent Paramo:

During the 2013 legislative session, the Legislature appropriated funds to implement literacy screenings in kindergarten through third grade. The State Board of Education followed up on that intent with the adoption of regulation 4 AAC 06.713, which states:

Early literacy screening. (a) As part of the comprehensive system of student assessments required under AS 14.07.020(b) and 4 AAC 06.710, each district shall administer an approved early literacy screening assessment tool at least once during each school year to

- (1) all students in kindergarten, first, and second grades; and
- (2) third-grade students identified as experiencing delays in attaining early literacy skills during the second grade.

Upon reviewing data from the 2013-2014 school year, it appears that Birchtree Charter School did not conduct a literacy screening assessment for 11 of its 49 kindergarten students. There is no language in 4 AAC 06.713 that allows for a waiver from early literacy screening for students enrolled in the applicable grades.

The funding of public schools requires that schools comply with the statutes and regulations that guide our education system in Alaska. As such, it is imperative that Birchtree Charter School administer one of the five approved early literacy screeners to all students not screened last spring. The administration of this assessment and the submission of the data must occur prior to the end of the 20-day student enrollment count on October 24, 2014. The data should be submitted according to the process described in the attached letter which you received from Erik McCormick on May 29, 2014.

To fully comply with 4 AAC 06.713, Birchtree Charter School will also need to administer the literacy screening to its students in the spring of 2015. The applicable regulatory language is below:

Superintendent Paramo September 23, 2014 Page 2 of 2

(c) Not later than July 15 of each year each district shall submit to the department assessment data yielded by an administration of the district's early literacy screening assessment tool conducted between April 1 and May 30 of that year. The district shall submit assessment data on a form prescribed by the department.

It is important to note that the Matanuska-Susitna Borough School District receives funds to meet these requirements. EED anticipates receiving the data that were required to be submitted for the 2013-2014 school year by the end of October. Additionally, we look forward to Birchtree Charter School being in compliance with these requirements from this point forward.

Please contact Brian Laurent at <u>brian.laurent@alaska.gov</u> or (907) 465-8418 with any questions about the process to submit data to meet this regulatory requirement.

Sincerely,

Mike Hanley

Commissioner
